The Governor's Water Conference hosts an annual student poster contest for college students to share their water related research projects. Each year students submit their abstracts for consideration and present their poster ideas for judging. The posters are evaluated through student interviews with judges, as well as their poster information and appearance. Four cash awards are given to the top graduate, top undergraduate and two runner ups.

Student Research Award - \$750

Research support recognition: Recognition during award presentation, listed in agenda and on KWO website.
