

# KANSAS WRAPS

## Changes for new 3-year grant period

1. Limited Funding from EPA
2. New Emphasis on Water Quality Improvements - S21
3. Reallocating funds to High Priority Projects for the State of Kansas

## Changes for new 3-year grant period

1. New funding approach for some projects
2. Strategic Plan to accompany grant PIP for some projects
3. New Grant Total Cap for some projects

## Changes for new 3-year grant period

### 1. New funding approach for some projects

- Higher priority projects will continue to have individual grants
- Lower priority projects will access BMP funding through single large partnership grant
  - Partnership implementation will not include funding for personnel, travel, etc. – Only BMPs and Administration funding

## Changes for new 3-year grant period

### 1. New funding approach for some projects

- Partnership projects will access BMP funding through single large grant
  - Focus will remain on implementing Watershed Plan
  - BMP funding will be based on efficiency
  - Large pooled funding will allow access to more BMP funding if projects can be generated
  - SLT will meet annually to review plan

## Changes for new 3-year grant period

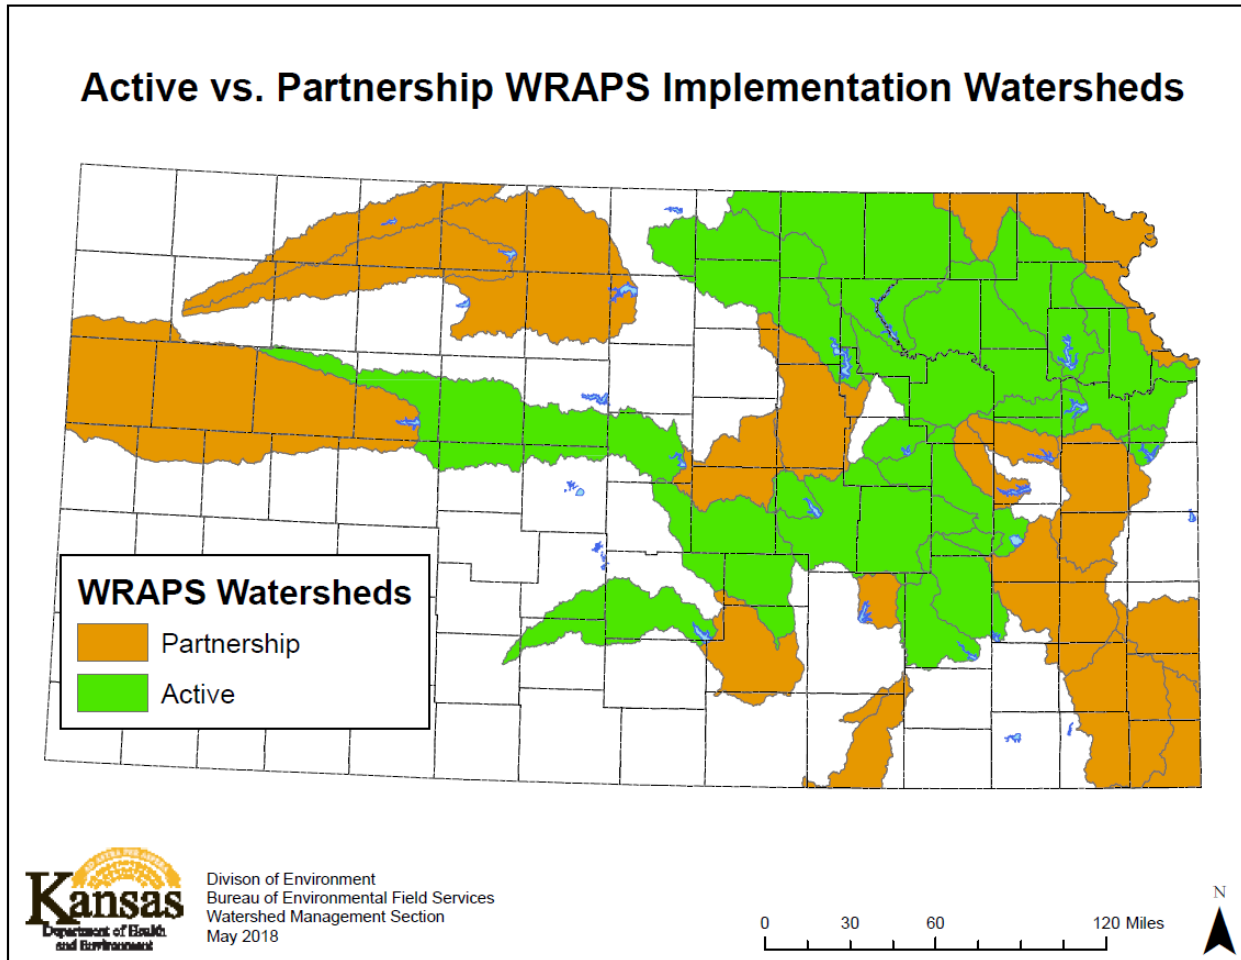

### 2. Strategic Plan to accompany grant PIP - Active Implementation Projects

- Define strategy for each WQ Impairment & BMP type
- Identify budget needed to utilize strategies
- Define timeline for each strategy
- Identify funding opportunities outside WRAPS grant for each strategy
- Put more tools in the toolbox!

## Changes for new 3-year grant period

3. New Grant Total for Active Implementation projects
  - Funding Caps to be negotiated with Sponsoring Organization
  - Funding may increase for some/will not increase for all
  - Grant Total related to Strategies
  - Score Matrix Ranking still used to establish priority

## Changes for new 3-year grant period

## Moving Forward

### Partnership WRAPS Projects

- Funding in current grant runs through December 2019
  - Grant closeout still required
- KDHE will develop grant application/PIP with new sponsor and County Conservation Districts in early 2019
  - Administrative funding possibilities
  - SLT – BMP sign-ups, plan updates, etc.
  - Partnership grant starts July 1, 2019

## Moving Forward

### Active Implementation WRAPS Projects

- General funding decisions determined with KDHE staff and WRAPS Work Groups in mid-December
- KCW Opens mid-December – Coordinators and Sponsors complete basic application
- Meet with KDHE January/February to develop strategic plan, funding and complete the application
- WRAPS Work Group Review – March 2019
- Grants start July 1, 2019
