Levee Sponsors and Partners,

Due to the ongoing COVID-19 Pandemic, The U.S. Army Corps of Engineers Kansas City District will hold two virtual Flood Preparedness Workshops via WebEx in lieu of in-person Flood Fight Training this year. See dates and time below. Both sessions will cover the same topics, so it is only necessary to attend one of the sessions. Enclosed you will find WebEx login instructions, a call-in number if you choose to participate by telephone only, and the agenda.

- Thursday, 01 April 2021, 2:00 – 3:30 p.m.
- Thursday, 01 April 2021, 6:00 – 7:30 p.m.

The workshop format will include a variety of topics; the Spring 2021 flood outlook, flood preparedness and response, PL 84-99 Levee Rehabilitation updates. Other State and Federal agencies are expected to participate in the workshop and provide information pertinent to you as a flood preparedness partner.

The workshop is intended to be an open forum for discussion by all participants. We encourage you to discuss any operations and maintenance issues, flood recovery, flood preparedness activities, or any other related topics that are important to you. If applicable, we also ask that you provide updated contact information for your levee system, including email addresses, using the enclosed form or respond via email to michael.w.dulin@usace.army.mil with up to date contact information.

If you have any questions, please contact Mike Dulin 816-389-2269 or at 816-426-6320 or email at michael.w.dulin@usace.army.mil.

Sincerely,
